Ljubljana is the largest and capital city in Slovenia with an area of 163.8 square kilometres and 285,000 residents. The city features a wealth of history, style, arts and culture, and an atmosphere that is both Central European and Mediterranean. This visitor friendly green capital will win you over with its tourist attractions and cultural offerings.

The symbol of Ljubljana is the dragon, which dominates the iconic Dragon Bridge, and the city's most prominent attraction Ljubljana Castle, whose Outlook Tower offers some of the most beautiful views of the city, also the Prešeren Square, the Robba Fountain, which is baroque monument, that stands at the edge of the Mestni square.

Tivoli Park is Ljubljana's largest and most beautiful park, stretching right into the city centre and covering an area of approximately five square kilometres. The soul of the city is the Ljubljanica River. The area on either side of the river winds its way through the old town centre, with its picturesque and architecturally interesting bridges, squares, and the central market with its distinctive appearance. Promenades along the banks of the river, the streets and green areas give the city pulse with the rhythm of café culture. Ljubljana is filled with a positive energy that you are certain to feel.
