DEAR HANDBALL FRIENDS AND FANS,

It is my pleasure to welcome you on behalf of the European Handball Federation to the Men's EHF EURO 2022 in Hungary and Slovakia. While we are already looking back at 28 years of successful EHF EURO history, I am happy that we can still celebrate some firsts.

It is for the first time that two countries - with Sweden, Austria and Norway we had three in 2020 - have joined forces for the organisation of the EHF's flagship men's national team event. Furthermore, while Hungary and

Slovakia have a wealth of experience in hosting major international sport events, handball tournaments included, they will now be hosting a Men's EHF EURO for the first time.

I am positive that what the two organisers will offer fans and teams alike over three weeks in January will make EHF EURO 2022 a championship which will stay in everyone's mind for a very long time.

WATCH GAMES. SEE MORE. is the championship's slogan. So, whether it is a trip to a match in the preliminary round or during the final weekend, I wish you a great time in our five host cities - Debrecen, Budapest, Szeged, Bratislava and Košice - and a fantastic experience at the Men's EHF EURO 2022.

Michael Wiederer
President, European Handball Federation

DEAR FANS!

We are looking forward to historic days and weeks, as our country is hosting the first ever adult men's major handball championship, after having hosted the Women's World Championship in 1982 and 1995, and the Women's EHF EURO in 2004 and 2014.

In 2017, we embarked on the joint bid with Slovakia with strong commitment, and as a result of the work of many, not only Hungary and Europe, but almost the entire sportworld will be watching our countries for two weeks in January.

In 2018, we won the right to host the tournament with a majority of more than two-thirds of the votes at the Congress of the European Handball Federation, which gives us strong support and a great responsibility.

We are particularly proud that thanks to the commitment of the Hungarian state the Főnix Arena in Debrecen has been renewed, the Pick Arena was built in Szeged and the impressive MVM DOME in Budapest, the 20,022-seat super-arena was built, which is not only the largest indoor facility in Hungary, but also one of the largest in Europe. The EHF EURO 2022 proved to be good occasion for the developments, but the new facilities have also provided Hungary with multifunctional facilities that can host cultural and musical events in addition to a wide range of sports.

Of course, the most important events will take place on the court, and we have great confidence in the Hungarian team, which will start the EURO 2022 as the 5th place team in the World Championship and the defending EURO CUP champions, with good chances and high hopes.

I would like to thank our supporters and partners, especially the Government of Hungary and the Ministry of Human Resources, Szerencsejáték Zrt. and the MOL Group, without their help neither the tournament nor the organisation would be seamless.

We are looking forward to seeing you in Debrecen, Szeged and Budapest!

Go, Hungary – go, Hungarian handball!

Máté Kocsis
President, Hungarian Handball Federation

DEAR SPORTS FRIENDS AND GUESTS!

Handball is a beautiful yet easy sport generating great excitement and emotions. And I'm not exaggerating to say that the men's handball championship is one of the top sporting events in Europe. We are very excited and honoured to soon host this sporting feast for the first time in the history of independent Slovakia.

The world has been reeling from the coronavirus crisis for some time now. Unfortunately, even until deadline of this Event Guide we haven't known if the audience could attend our arenas. The pandemic mitigation measures and guidelines keep changing all the time, and no one knows what happens next week.

But I am a tireless optimist and do believe that we will host an unforgettable tournament for everyone – the fans, the participants, and the whole handball family, with all this taking place in a great atmosphere, in front of packed stands, with a storm of emotions thundering at every match.

We have two beautiful arenas in the largest Slovak cities. Two groups will play their matches in Bratislava and one in Košice. We are expecting a lot of exciting matches to certainly increase public interest in handball in Slovakia, supporting its development and attracting new young players and fans.

Let's keep our fingers crossed and hope for a great handball championship in style!

President, Slovak Handball Federation

PASSION, TRADITIONS, OPENNESS

HANDBALL IS COMING HOME

Hungary and Slovakia host the best men's players in Europe for the first time, but the top European handball is actually returning home to five cities in the two sports nations. Because sports are at home in Budapest, Szeged, Debrecen, Bratislava and Košice.

MORE THAN SPORT

Commitment to sports, respect and enthusiasm for athletes are part of the everyday life of the Hungarian and Slovak people. We are proud of our athletes, we draw strength from their performance, they set an example for us and they also strengthen our togetherness. Among the host cities, Košice was the European capital of sport in 2016 and Budapest in 2019 – it was no coincidence.

A major sporting event – especially in the case of a domestic event – connects people, the nation becomes one in heart and soul. Sport is part of our identity, which is why the athletes and sports leaders who come to us report a passionate atmosphere that is not experienced anywhere else.

WE LOVE HANDBALL

Handball is the second most popular sport in Hungary, which is reflected not only in the number of active athletes, but also in the number of spectators. The home matches of the club teams that regularly appear in the Champions League take place in front of a full house, as do the matches of the main favorites, the national teams.

One of the reasons for its popularity is the traditions and success of the sport, the Hungarian men's were World Championship silver medalists, two-time Olympic 4th placed, and most recently finished on 5th place in the World Championship. The women's national team has also been an Olympic silver medalist, world and European champion, and the youth national teams have also been successful in various world competitions for decades.

Although hockey is the most popular team sport in Slovakia, handball cannot be complained about, and the EHF EURO 2022 can give a new impetus to the sport and increase the number of handball players. The men's national team took part in two World Championships (10th in 2009), three times the EHF EURO, while the women's national team qualified the World Championship in 2021 for the first time!

Both federations are making great efforts to increase the base of the sport, to expand the fans – EHF EURO 2022, we are waiting for you!

WORLD-CLASS INFRASTRUCTURE

In recent years, many world-class sports facilities have been built or renovated in Hungary and Slovakia. For the EHF EURO 2022, a magical arena has been created in Budapest, which could become the new center of European handball. Szeged has also received a new arena, while the Főnix Arena in Debrecen has been renovated. The Ondrej Nepela Arena in Bratislava and the Steel Arena in Košice will also be worthy hosts for the EHF EURO 2022 matches.

EXCELLENCE IN ORGANISATION

Recently, Hungary has hosted dozens of world-class sporting events in a wide range of disciplines. The world's top athletes in water sports, judo, wrestling, kayaking, fencing, table tennis, modern pentathlon, among others, have all visited Hungary in recent years, and Budapest has also hosted European football championship matches.

Hungary hosted the Women's Handball World Championships in 1982 and 1995, the EHF EURO in 2004 and 2014, and has been a permanent venue for the EHF Women's Champions League Final Four since 2014.

In Slovakia, the best ice hockey teams meet regularly, but in recent years there have also been several handball youth tournaments.

WE CAN'T WIN WITHOUT GOALS

The UN's 17 Sustainable Development Goals need all the attention they can get. At Grundfos, we particularly support Goal 6 – Clean Water and Sanitation & Goal 13 – Climate Action. We do so because today, 785 million people do not have access to basic drinking water and because global emissions have doubled for the past 30 years* which is leading to climate change that affects us all.

Together, we can take action.

DEBRECEN

THE CALVINIST ROME

The second most populous city in Hungary, Debrecen is a centre of science academia, like Szeged, with a vibrant cultural life, many young people and great recreational opportunities. Debrecen has facilities that other big cities can only dream of.

Just think of the Great Forest (Nagyerdő) or the Főnix Arena, which hosts many world-class sporting events. Sport is returning to Debrecen and, alongside local patriotism, the public is hungry for a quality international sporting experience.

A walk in the city, lunch in a traditional or new wave restaurant, a pleasant afternoon in the spa – it’s worth exploring the city of Debrecen in January.

DON'T MISS THIS!

Tips for Danish, Slovenian, North Macedonian and Montenegrin fans

TASTE MORE

Debrecen is the most authentic place to taste a real Hungaricum. The Debrecen Couple (debreceener) is a sausage based on centuries-old traditions, made from the purest ingredients in a unique way. Take a bite!

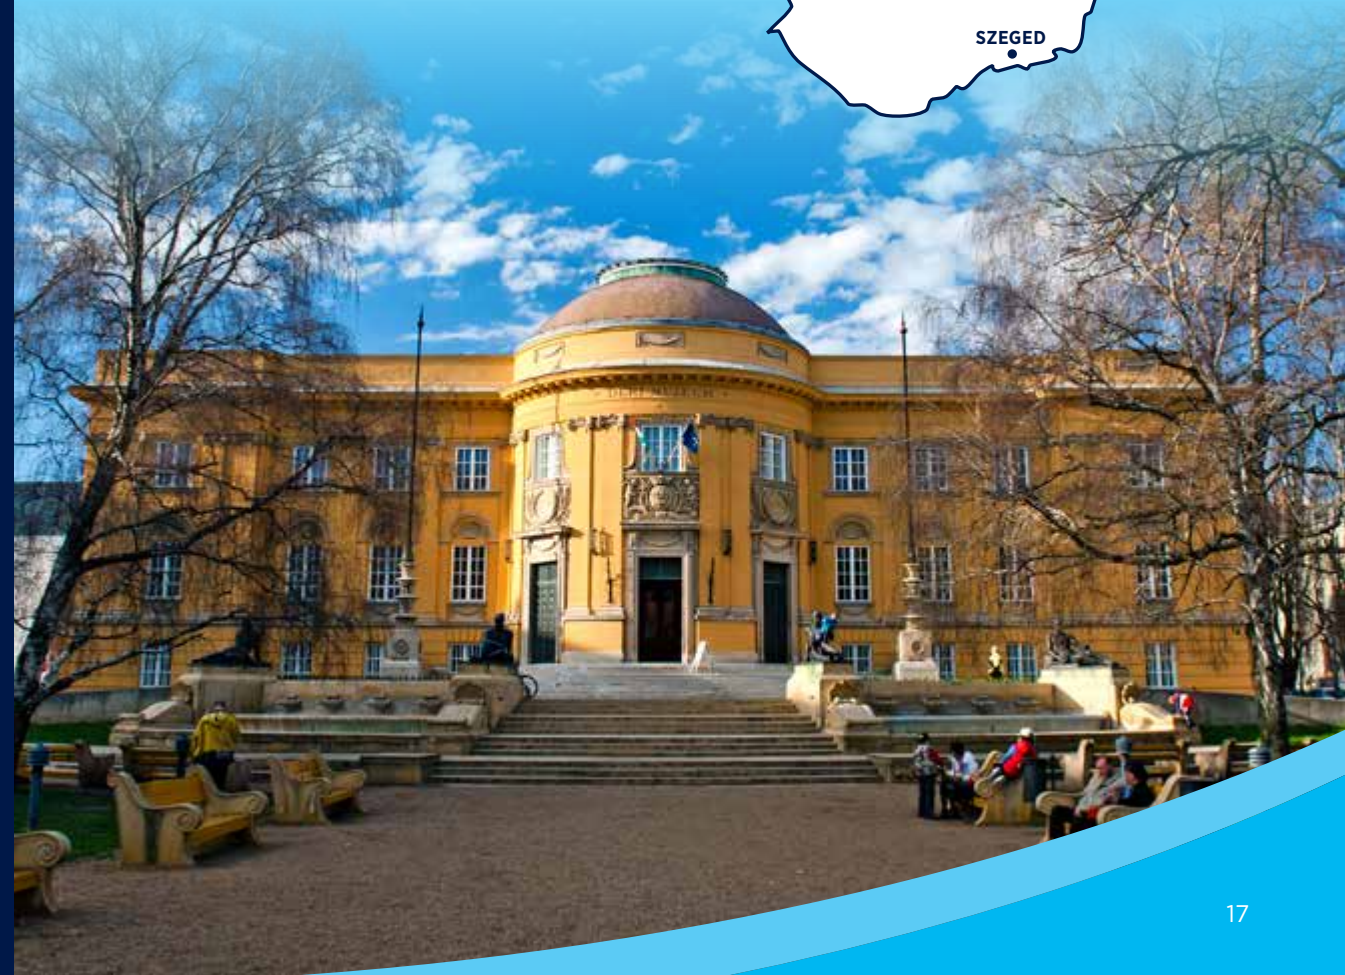

SPOT MORE

The Nagyerdő (Great Forest) is Debrecen’s most popular leisure center, a 10-minute walk from the city center. All ages can find something here, the Cultural Park, the Adventure Park, the Agora Science Experience Centre, the Water Tower even in winter, and the area around Lake Békás is a must-see – all in a nature reserve.

CHILL MORE

The spa centre in the heart of Nagyerdő has a thermal bath, spa and wellness area. A pleasant relaxation, including a refreshing sauna, will recharge everyone for the next gameday.

The Főnix Arena – which underwent renovation in 2021 – has been one of Hungary's most used facilities for cultural and sporting events since its opening. The arena's floor is surrounded by a retractable tribune system on all sides and has excellent facilities.

The arena is connected to the neighbouring Imre Hódos Sports Hall via an underground passage, so it can be used for training and warm-ups during major events.

The arena has also hosted the Women's EHF EURO in 2004 and 2014, while several musicians have performed here (e.g. Joe Cocker, Bryan Adams, Lenny Kravitz).

Major international sporting events held here:

- Gymnastics World Championship (2002)
- Women's EHF EURO (2004, 2014)

THE CITY THAT NEVER SLEEPS

Budapest is one of the world's most popular tourist destinations. Its unique architectural and historical monuments, the Danube Promenade and the panoramic view of the Danube, the city's distinctive bridges, cultural life and constantly bustling nature attract millions of visitors every year.

And when you think of the impressive gastronomic offer, a fusion of traditional and new wave lines, Hungarian wines, shopping streets, versatile cafes, and vibrant nightlife, it is easy to see why it will be lucky the EHF EURO 2022 venue in January.

In Budapest, everything is close at hand, there's always something happening, you are always at home. Discover it!

DON'T MISS THIS!

Tips for Portuguese, Dutch and Icelandic fans.

TASTE MORE

Budapest has undergone a gastronomic revolution in recent years, and visitors and locals are the ones enjoying it the most. From traditional Hungarian flavors and restaurants to new wave bistros and cafés opening in the city center, there's something to everyone.

But if it is Budapest we are talking about, then of course goulash, and other Hungarian dishes are available in most restaurants. Many restaurants can be found in Liszt Ferenc Square, Ráday Street, the Danube Promenade, „Újlipótváros”, or in the 5th district, around Deák Square and the Basilica.

If you're talking about Hungary, then of course „lángos”: visit the city's markets (Great Market Hall for example), this food is truly authentic here. And as a dessert, don't forget to try the traditional chimney cake, a must-try on winter walks in Budapest.

SPOT MORE

A metropolis where everything is close at hand. Start at St. Stephen's Basilica, walk along the beautiful Andrassy Avenue to the Heroes' Square, visit the Museum of Fine Arts, see Vajdahunyad Castle and the Széchenyi Bath, and skate on one of Europe's largest ice rinks. If you fancy a bigger tour, go for a walk: meet your friends at Vörösmarty Square, walk along Váci Street, walk across Elizabeth Bridge, up to the Citadel, then come down the other side of Gellért Hill and walk up to Buda Castle. You will even tell your grandchildren about the panorama of the Fisherman's Bastion.

CHILL MORE

The city's historical spa and bathing culture is impressive. Out of Hungary's more than 1,000 natural springs, 118 burst only right here in Budapest, its world-famous spas are iconic locations.

The outdoor pools of the Széchenyi Bath in Városliget are beautiful Neo-Renaissance buildings and a real attraction for young people visiting Budapest - even in the evening. The Art Nouveau building of the Gellért Bath is a wonderful cultural attraction in itself. Rudas' 450-year-old Turkish baths are just as exciting as the terraced pools in the new wing, with panoramic views of the Danube.

SZEGED THE CITY OF SUNLIGHT

Hungary's third largest city is full of life in winter, thanks to its thousands of university students, its wide range of cultural activities, its colorful gastronomic and leisure programmes. The historic city center, the long Tisza riverbank, the wide, endless pedestrian streets, cafés and parks give Szeged a special atmosphere.

DON'T MISS THIS!

Tips for French, Serbian, Croatian and Ukrainian fans.

TASTE MORE

You should definitely try the local version of fish soup, a traditional Hungarian dish. It is an absolutely authentic gastronomic experience in the city, as is the dish made with local paprika, onions grown in the area and fish caught from the river Tisza.

SPOT MORE

The city's iconic building, the 81-meter-high neo-Romanesque Szeged Cathedral, is not only worth admiring from the outside. The church tower has 302 steps leading up to the top. In the city centre don't miss one of the largest synagogues in the world, the Ferenc Móra Museum and the Tisza Riverbank!

CHILL MORE

The Anna Bath, a historic building since 1896, offers wellness and spa services. You can also taste the 52-degree water of the Anna Fountain next to the spa.

BRATISLAVA RICH PAST, VIBRANT PRESENT

Bratislava is a charming „jewelry box”, rich in architecture and history, full of energy, life and freshness. Its unique history, attractive sights, rich cultural life, excellent local gastronomy, quality wine list and modern shopping centres make Bratislava an ideal destination for everyone.

The Slovak capital also hosts a number of craft fairs and gastronomic festivals at the beginning of the year, and the colder weather is the perfect opportunity to try mulled wine and excellent local specialties.

Bratislava’s fabulous castles make it truly unique. It is a very green, livable city, with parks, forests and vineyards that sometimes stretch almost to the city center.

It will be home to eight national teams and their fans in January 2022!

DON'T MISS THIS!

Tips for German, Austrian, Belarusian, Polish, Spanish, Swedish, Czech and Bosnian fans.

TASTE MORE

One of the city’s trademarks is the croissant with poppy-seed and walnut (Bratislava croissant/Pozsonyer), a recipe with a centuries-old tradition. Baked also in Vienna and Budapest, its origins are not entirely clear, but the fact that the Bratislava/Pozsony inscription was centuries old has certainly give it a forever mark. In Bratislava’s cafés, pastry shops, markets and supermarkets, it is a must have, and in winter a heavenly treat with hot coffee or tea.

SPOT MORE

The true jewel and symbol of the city is the castle overlooking the Danube, which dates back to the 9th century and has been continuously altered over the centuries. The castle burnt down in 1811, was rebuilt in the 20th century and was restored to its full splendour during a major reconstruction in 2008. It houses several museums, including the Slovak National Museum and the Museum of History. A pleasant walk, a cultural spritzer and a wonderful panorama – that’s what Bratislava Castle offers.

If a visit to the castle is a must, you must also explore Bratislava’s Old Town: the small streets, the historic buildings, palaces and churches of the Main Square and Franciscan Square – especially St. Martin’s Cathedral, the Old Town Hall and the Primate’s Palace.

CHILL MORE

The 96-hectare Bratislava Zoo at the foot of the Little Carpathians is open all year round, including January. You can see 1,100 specimens of nearly 170 species, including endangered animals. Nearly 320,000 visitors come to the zoo every year, including us in January!

1996 & 2016 — TALANT'S AND ALEX'S SILVERS

Following their triumph at the first EHF EURO 1994, Sweden failed to make it to the final two years later and had to settle for fourth place. First, they fell victims to the Russian squad steered by the legendary Vladimir Maximov and then in the bronze medal match they lost to Yugoslavia. Russia also won a final thriller against Spain who were playing at this EHF EURO with the Soviet-born star Talant Dujshabaev. 20 years later, Talant's son Alex came short at the EHF EURO final as Spain lost to Germany. However, Alex managed to ascend to the European throne twice since then (2018, 2020).

2002 — BENGAN BOYS' LAST

Sweden entered EHF EURO 2002 as the only country that have won the continental championship four times. Their fourth and so far last title came in 2002 on the home court after a nail-biting clash with Germany. The legendary 'Bengan Boys' were trailing by one goal a few seconds before the final buzzer but Stefan Lövgren equalised and in the extra-time Tre Kronor did not let the chance to win the title slip.

2004 — BRAND'S MOUSTACHE

At EHF EURO 2004 in Slovenia it was finally the time for Germany. The group around Stefan Kretschmar, Christian Schwarzer and Henning Fritz triumphed in the final against the host country and made their head coach Heiner Brand lose his bet and with it his trademark moustache.

2006 — FRANCE EMERGE

By the start of the tournament in Switzerland France already belonged to the major powers in the world of handball but their success in Zürich brought the first golden medal from a top event for the team of Claude Onesta featuring the generation around Didier Dinart, Nikola Karabatic or Daniel Narcisse. In the final France prevailed against Spain, who left the EHF EURO with 'just' silver medals for the third time.

2008 — DENMARK JOIN THE GOLDEN COMPANY

From 2006 until 2014 only France and Denmark alternated on the European throne. The championship in Norway in 2008 was Denmark's first gold following three consecutive bronze medals. And this all happened before then-rising star Mikkel Hansen joined the national team.

2012 — BIGGEST CROWD

Ten years after the remarkable semi-final of the 2012 edition the fierce clash between Serbia and Croatia still holds the spectator record in EHF EURO history. The capacity crowd at Belgrade's Kombank Arena (20,000 spectators) pushed Serbia into the final. However, they were not enough for the host nation to overcome Denmark in the deciding last game.

BEST OF EURO MOMENTS

2016 — MIRACULOUS RETURN

The Tauron Arena in Krakow, Poland saw two great handball miracles during the EHF EURO 2016. Croatia needed one big piece of wizardry to go through to the semi-finals from the main round as they needed at least a 10-goal win over Poland in front of almost 15,000 Polish fans. But they delivered. The other huge sensation was the second EHF EURO gold for Germany who lost a number of experienced stars due to injuries before the tournament but the young guns still sprang a surprise.

2018 — JUMP TO HISTORY

Germany failed to reach the medal round of the EHF EURO 2018 in Croatia as Spain conquered the throne for the first time in history. However, if you asked any witnesses of that tournament for the most remarkable moment it was the showpiece of athleticism and elegance by Rune Dahmke. In a crucial main round match against Denmark, the German left wing converted an empty-net shot with a wonderful jump which still remains one of the most viral action in the tournament's history.

2020 — SPAIN AND SAGOSEN RULE

Since the opening buzzer of the previous EHF EURO in Sweden, Austria and Norway the Norwegian team looked like one of the biggest favourites for gold. Only an unfortunate extra-time defeat in the semi-final against Croatia stopped their eight-game winning streak. With 65 goals the Norwegian ace Sander Sagosen set a new top scorer record as Norway had to settle with bronze. For Croatia the EHF EURO gold medal remains cursed so far as they lost yet another final - this time to Spain.

CHIP IS INSIDE! GET TO KNOW THE OFFICIAL BALL!

For the 6th consecutive EHF EURO event since the Women's EHF EURO 2016, the final tournament's match ball is presented by the EHF's premium partner, Danish ball manufacturer SELECT Sport.

The 'Ultimate iBall' saw the light of day at Thursday's draw event and will eventually star in all 65 matches at the Men's EHF EURO 2022, played in Hungary and Slovakia from 13 to 30 January next year.

The ball has been exclusively designed for the championship. With elements in dark and light blue as well as in green and red it features the European Handball Federation's primary colour as well as those which are dominant in the host nations' flags.

With the EHF's ongoing partnership with KINEXON for the EHF EURO events, this SELECT Ultimate iBall has a built-in chip that tracks and distributes data in real-time: Shot detection, exact ball speed and position of the shot is captured, used and displayed on the EHF's owned and operated channels as well as on TV and brings fans and spectators closer to the game.

On EHF EURO level, the SELECT Ultimate iBall premiered at the final weekend of the Women's EHF EURO 2018 and has since been used at the Men's and Women's EHF EURO 2020.

The ball is made of extremely hardwearing synthetic leather material. A zero-wing bladder inside the ball ensures optimal roundness.

The specially developed 'shark skin foam' gives the ball an extremely soft feel and excellent grip. The ball is light and lively, but above all its constant balance ensures that there are no random bounces.

CEO of SELECT Sport, Peter Knap, said: "This is a fantastic ball with excellent qualities proven in play at numerous European Championships and in top handball leagues. The official match ball incorporates the colours of the Men's EHF EURO 2022 logo, which is inspired by the national colours of Hungary and Slovakia. We have been developing handballs for more than 70 years, so we are able to ensure top quality when it comes to material and innovative solutions – just like with this Ultimate iBall."

SELECT makes balls for 70 years.

TOURNAMENT'S COVID PROTOCOL

The European Handball Federation has provided the teams participating at the Men's EHF EURO 2022 with the tournament's hygiene concept:

- In alignment with the concept in place at the IHF Women's World Championship, the EHF has ruled that only vaccinated or recovered players are eligible to participate.
- On top, a mandatory test regime with PCR tests, which will be conducted every two days, will be put in place.
- A "bubble concept" as it was in place at the Women's EHF EURO 2020 in Denmark will not be introduced at EHF EURO 2022. Teams will be allowed to leave the hotel.
- At the same time, the hygiene concept strongly recommends that everyone involved in the tournament limits its contacts and movements as much as possible. It also includes the requirements where FFP2 face masks must be worn.
- In case a player is infected, this player will be isolated, and the delegation will be asked to self-isolate as well. PCR tests will be carried out and, if negative, all delegation can return to the competition.
- The hygiene concept also applies to all delegates and officials nominated by the EHF. Additional hygiene concepts for media and fans will be released in due time.

RULES AND REGULATIONS

INSTANT REPLAY TECHNOLOGY AND GOAL-LINE CAMERAS

- Instant replay offers the possibility to the referees to immediately watch a situation on a TV screen if they were not able to see the complete action on the court and if they wish to check again before reaching a decision. This specifically refers to key match situations where the referees decide to consult the TV picture additionally to their own view on the court.
- The goal-line technology allows referees to utilise a number of cameras fixed to the goal to check whether the ball has crossed the goal-line. As the video is linked to the match clock, the referees can also check, if the ball crossed the goal-line before the end of half-time or full time.
- The use of both goal-line technology and instant replay (disqualification and consequences) is exclusively the responsibility of the referees and only the referees can decide to make use of it or not.

GOAL-LIGHT

An LED light installed inside the goal lights up at the same time as the buzzer sounds for team timeouts and at the end of each half. This visual signal therefore provides all those involved in the match an additional signal to show that the time has stopped or ended. The signal also provides further help to the referees in deciding whether a last-second shot has crossed the line or not.

SUBSTITUTION AREA TECHNOLOGY

This system provides a detailed view on both substitution areas and offers video assistance in case of decisions that concern the substitution areas. The two cameras will be installed at the timekeeper tables corners. The pictures are accessible for the EHF delegates in case of an unclear situation with player substitutions. Additionally, they are also accessible for the referees in case of any serious situation in the substitution area where they decide to consult the pictures.

ELECTRONIC TEAM TIMEOUT REQUEST ('BUZZER')

Each team can request team timeout directly through pushing a button on an electronic device. The button is directly connected to the official scoreboard system and pushing the button will directly lead to a stopping of the time, additionally an audio signal will be initialized to make all involved parties aware of the timeout. In case of a mistake/misuse related to team timeout request, all of the following sanctions apply:

- Progressive punishment or direct red card depending whether the action was on purpose or not;
- Penalty throw for the team which was in possession of the ball;
- Team that caused the faulty timeout request will lose one timeout.

FAN ZONE

Great experiences outside the MVM Dome

It is not only the matches to be held in the arena (23 games in total) that will be the guarantee that the MVM Dome will be the bustling beehive of our sport in January: the Fan Zone awaits the handball lovers in the area next to the facility with additional programmes and fan activities.

TRICKY OUR MASCOT, OUR HERO!

Just after he was born, Tricky, the official mascot of the EHF EURO 2022, dove into action.

He is mischievous, cheeky, very opinionated, honest and outspoken. He is obsessed with funny pranks. He wouldn't miss a good old laughter for a thing. He likes to be entertained at all times, he detests being bored, so when he is bored he acts out, so that he gets all the attention. He loves the spotlight, and does everything to be in it. He photobombs, strikes iconic poses, makes jokes of everything.

In the early days of Tricky's career, he was already at the helm of Watch Games. See More. Dedicated events leading up to the EHF EURO 2022, the best summer festivals, our theme park outings or even the Grand Handball Day. Our funny deer stolen the show at men's and women's championship matches, and was in charge of the atmosphere at Tricky on Tour stations.

Tricky continues his tour, all of the EHF EURO 2022 venues!

His character could represent all the fun waiting for those who participate in the EURO2022 events. Not just the games, but all the other activations too. He is responsible for the CHEER MORE part, as in non-stop cheering up the audience.

Follow him and remember: he'll be following us all during the EHF EURO 2022!
